Bending Strength

All Finishes: 40 – 55 N/mm² (Conforms)

EN 100

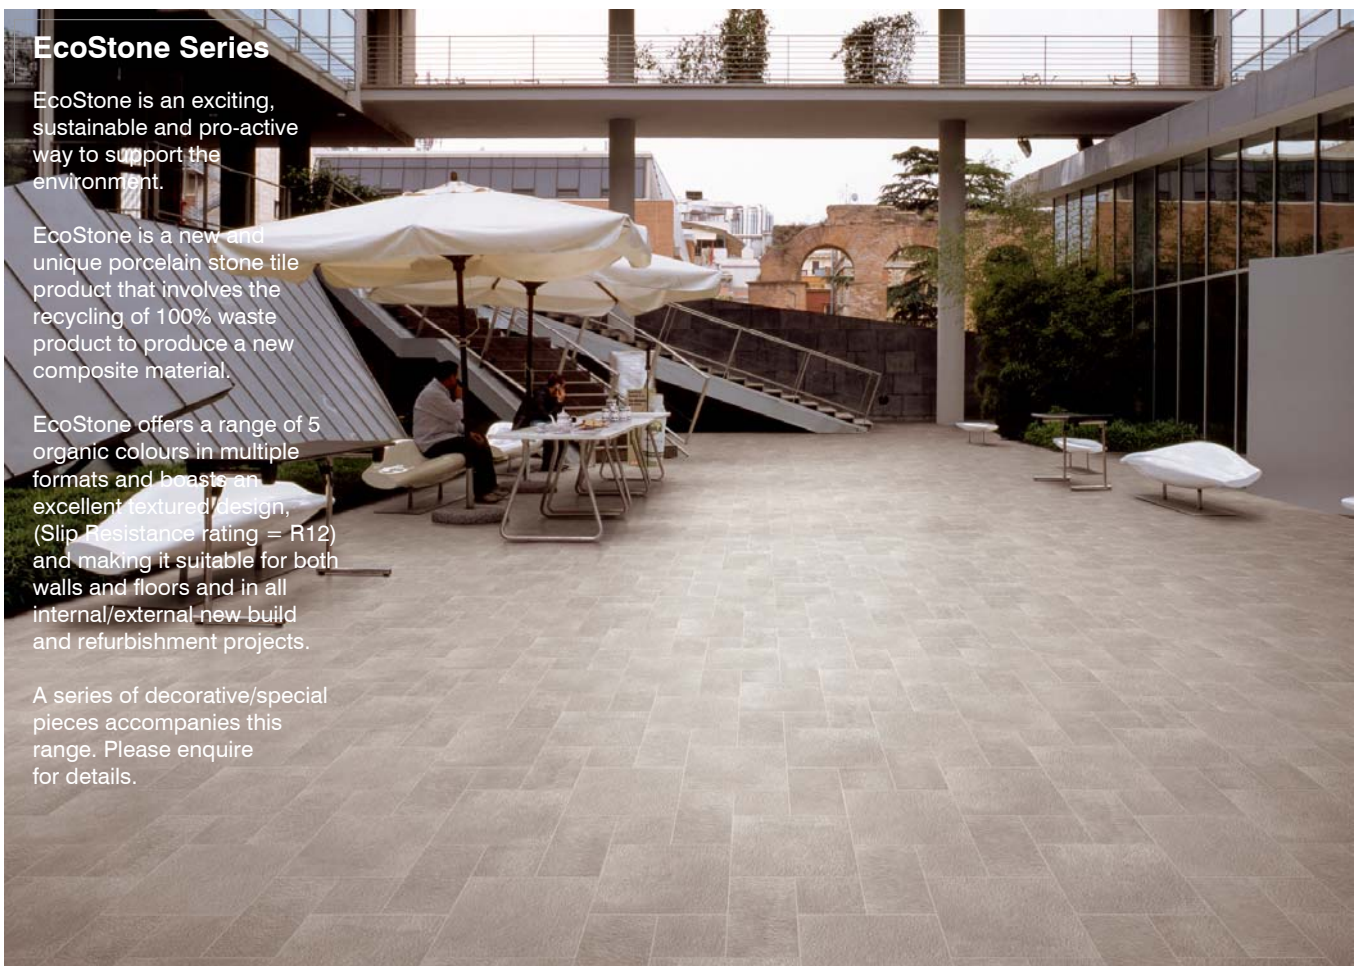

EcoStone Series

EcoStone is an exciting, sustainable and pro-active way to support the environment.

EcoStone is a new and unique porcelain stone tile product that involves the recycling of 100% waste product to produce a new composite material.

EcoStone offers a range of 5 organic colours in multiple formats and boasts an excellent textured design, (Slip Resistance rating = R12) and making it suitable for both walls and floors and in all internal/external-new build and refurbishment projects.

A series of decorative/special pieces accompanies this range. Please enquire for details.
