## SLIM STONES SERIES

SLIM STONES is the latest in cutting edge, innovative, super-thin porcelain stoneware tiles. A revolutionary 4mm thick porcelain tile that is suitable for domestic and commercial applications.

SLIM STONES utilises a revolutionary production technology which is unique; this involves the pressing technique, making it possible to create a product resistant to the broadest stresses, whilst maintaining material tensioning and stability, facilitating cutting, drilling and maintenance procedures.

SLIM STONES is from the STONES Series stable and can be used in conjunction with all STONES colours and formats.

## 10 benefits of SLIM STONES

- |   |  |
|---|--|
| <ul style="list-style-type: none"> <li>1 Covers existing substrates without requiring</li> <li>2 Reduces the project time and problems</li> <li>3 Does not require the use of special installation techniques</li> <li>4 Reduces the need to remove existing doors and windows</li> <li>5 Avoids the costs of removal and disposal of existing floor coverings</li> </ul> | <ul style="list-style-type: none"> <li>6 Easy to cut, drill and handle</li> <li>7 Complies in full with international standards</li> <li>8 Offers technical characteristics comparable to porcelain stoneware</li> <li>9 Reduces dead weight on loading structures and substrates</li> <li>10 Easy to clean and no special maintenance requirements</li> </ul> |
