PIETRA MILIARA SERIES

Pietra Miliara reflects the stylish trends of a new millennium. The colours are delicate in all their different nuances and tones; the surfaces are soft. Pietra Miliara proposes original new formats and decorative solutions for a myriad of different uses.

Pietra Miliara co-exists in perfect harmony with man and the space he inhabits. The indispensable technological matrix of the product rediscovers itself in colour and form through the interpretation of calcareous sedimentary rock.

A series of decorative/special pieces accompanies this range. Please enquire for details.
