STRATA SERIES

A large format unglazed porcelain floor tile in six commercial colours.

Available in four format sizes this series has a generic stone feel. Two finishes are available, lending itself to use on walls and floors within the same installation. There are also two specialist finishes providing slip resistant properties; one is a print cement finish (50x50cm - R10), the other contains routed lines providing a stripe effect (30x60cm - R11)

Suitable for interior and exterior projects up to a commercial level.

A series of decorative/special pieces accompanies this range. Please enquire for details.
